

Plants for Meadowscaping in the Southern Willamette Valley

Common name	Scientific name	Vegetation type	Habitat			Propagation Method*					Bloom Time & Color						
			Woodland	Wet meadow	Dry meadow	Seed	Bulb	Div.	Plug	Cutting	Mar.	Apr.	May	June	July	Aug.	Sept.
taper tip allium	<i>Allium</i> spp.	bulb	X	X	X		X										
brodiaea	<i>Brodiaea coronaria</i>	bulb			X		X										
mariposa lily	<i>Calochortus tolmiei</i>	bulb			X		X										
camas	<i>Camassia</i> spp.	bulb	X	X	X		X										
ookow	<i>Dichelostemma congestum</i>	bulb	X		X		X										
giant white fawnlily	<i>Erythronium oregonum</i>	bulb	X				X										
chocolate lily	<i>Fritillaria affinis</i>	bulb	X		X		X										
Columbia lily	<i>Lilium columbianum</i>	bulb	X		X		X										
white brodiaea	<i>Triteleia hyacinthina</i>	bulb	X		X		X										
western yarrow	<i>Achillea millefolium</i>	perennial forb	X		X	X			X	X							
western pearly everlasting	<i>Anaphalis margaritacea</i>	perennial forb	X		X					X	X						
western (red) columbine	<i>Aquilegia formosa</i>	perennial forb	X		X					X	X						
showy milkweed	<i>Asclepias speciosa</i>	perennial forb		X	X					X	X						
Pacific bleeding heart	<i>Dicentra formosa</i>	perennial forb	X								X						
Oregon sunshine	<i>Eriophyllum lanatum</i>	perennial forb	X	X	X	X					X						
largeleaf avens	<i>Geum macrophyllum</i>	perennial forb	X		X						X						
Puget Sound gumweed	<i>Grindelia integrifolia</i>	biennial forb		X	X	X			X	X							
Oregon iris	<i>Iris tenax</i>	perennial forb	X		X					X	X						
barestem biscuitroot	<i>Lomatium nudicaule</i>	perennial forb		X	X						X						
bigleaf lupine	<i>Lupinus polyphyllus</i>	perennial forb		X	X	X					X						
riverbank lupine	<i>Lupinus rivularis</i>	biennial forb	X	X	X	X											
seep monkeyflower	<i>Mimulus guttatus</i>	perennial forb	X	X							X						
lance selfheal	<i>Prunella vulgaris</i> ssp. <i>lanceolata</i>	perennial forb	X		X	X					X						
western or straightbeak buttercup	<i>Ranunculus occidentalis</i> or <i>R. orthorhynchus</i>	perennial forb	X	X	X	X					X						
meadow checkermallow	<i>Sidalcea campestris</i>	perennial forb			X					X	X						
rose checkermallow	<i>Sidalcea virgata</i>	perennial forb	X		X					X	X						
goldenrod	<i>Solidago</i> spp.	perennial forb			X					X	X						
Hall's aster	<i>Symphotrichum hallii</i>	perennial forb		X	X					X	X						

*Recommended propagation methods: Seed; Bulb/corm; Div., rhizome or crown division; Plug, container plant; Cutting, dormant hardwood cutting or live stake

Plants for Meadowscaping in the Southern Willamette Valley

Common name	Scientific name	Vegetation type	Habitat			Propagation Method*					Bloom Time & Color						
			Woodland	Wet meadow	Dry meadow	Seed	Bulb	Div.	Plug	Cutting	Mar.	Apr.	May	June	July	Aug.	Sept.
farewell to spring	<i>Clarkia amoena</i>	annual forb			X	X											
large-flowered collomia	<i>Collomia grandiflora</i>	annual forb		X	X	X											
dense spike primrose	<i>Epilobium densiflorum</i>	annual forb		X		X											
common tarweed	<i>Madia elegans</i>	annual forb			X	X											
fragrant popcornflower	<i>Plagiobothrys figuratus</i>	annual forb		X		X											
rosy plectritis	<i>Plectritis congesta</i>	annual forb	X	X	X	X
